GUIALMI

D/LINE

Generalmente, cuando las empresas piensan en sus necesidades de organización y archivo de documentación, se centran, sobre todo, en aspectos relacionados con la función, el espacio, la cantidad de información, la calidad de almacenamiento, etc....Pero los patrones de exigencia han ido aumentando y, hoy en día, existe un nuevo tipo de empresas que valora más los detalles, en este caso también la estética, la acústica, la integración de los espacios... Pensando en este tipo de empresas, Guialmi ha desarrollado un nuevo sistema de archivo – D/LINE. Una colección de estética cuidada que asegura y profundiza los aspectos funcionales. Una gama extraordinariamente amplia que propone soluciones variadas y adaptadas a las especificidades de todos los tipos de espacio – open space, private offices, salas de reuniones, despachos, zonas comunes, break-out... **D/LINE by GUIALMI.**

As organizações em geral quando pensam nas suas necessidades de organização e arquivo de documentação, pensam sobretudo em aspectos relacionados com a função, o espaço, a quantidade de informação, a qualidade do armazenamento... mas os padrões de exigência têm vindo a aumentar e há hoje uma nova espécie de empresas – aquelas que atribuem valor aos detalhes – neste caso também à estética, à acústica, à integração dos espaços... A pensar nestas organizações a Guialmi desenvolveu um novo sistema de arquivo – D/LINE. Uma gama extraordinariamente ampla que propõe soluções variadas e adaptadas às especificidades de todos os tipos de espaços – open space, private offices, salas de reuniões, gabinetes, áreas comuns, break-out... **D/LINE by GUIALMI.**

In general when companies think about their organizational needs for the filing of the documentation, they mainly think about the aspects that are related with the function, the space, the amount of information, the quality of the storage ... but demanding patterns have been increasing and presently there are different types of companies – those that look at details – in this case also regarding aesthetics, sound proofing, the division of the space. Thinking about these types of companies, Guialmi developed a new filing system - D/LINE. This is a very acute and aesthetic collection, guaranteeing functional aspects. An extraordinary wide range that proposes various solutions, which are adapted to the specificities of various types of spaces – open space, private offices, meeting rooms, common areas, break-out... **D/LINE by GUIALMI.**

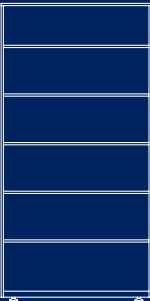

Les organisations, en général, quand elles pensent à ce dont elles ont besoin en termes d'organisation et d'archives de documentation, tiennent surtout compte de leur fonction, de l'espace, de la quantité d'information et la qualité du stockage... mais l'exigence augmente et aujourd'hui il existe sur le marché un nouveau genre d'entreprises – celles qui privilégient le détail – en ce cas l'esthétique, l'acoustique, et l'intégration dans l'espace... C'est en pensant à ces organisations que Guialmi a créé un nouveau système d'archives – D/LINE. Une collection d'esthétique épurée, assurant et multipliant les aspects fonctionnels. Une vaste gamme qui propose des solutions variées et adaptées aux particularités des espaces – open space, bureaux fermés, salles de réunions, cabinets, espaces communs, break-out... **D/LINE by GUIALMI.**

S/LINE

Guialmi presenta su colección de armarios S/LINE. Una colección desarrollada pensando en la satisfacción de las necesidades organizativas de aquellas oficinas que siguen produciendo grandes cantidades y variedades de documentos y papeles. La propuesta de varios tipos de puertas permite una adecuada utilización del armario, según el tipo de documentos o material a archivar, así como en función del espacio disponible (dimensiones y ambiente). La calidad de construcción, la reducida emisión de ruido, gracias a la calidad de los materiales utilizados, y la variedad de medidas, modelos y acabados son algunos de los principales beneficios de una colección que ofrece lo indispensable para cualquier empresa: orden, organización y eficiencia.

Guialmi offers its collection of S/LINE cabinets. This is a collection that was developed thinking about the satisfaction of the organizational needs of offices that are still producing large amounts and varieties of documents and paper. The offer of various styles of doors allows for a better usage of the cabinet not only as per the type of documents or material to be filed but also as per the kind of space available (dimensions and environment). The quality of the manufacturing, the low emission of noises given the quality of the materials used, and the variety of measures, models and finishes are some of the main benefits of this collection, thus offering the indispensable to any company: order, organization and efficiency

M/LINE

La colección de armarios M/Line de Guialmi presenta una solución de almacenamiento funcional y contemporánea, concebida íntegramente en melamina. A diferencia de la mayoría de las colecciones de armarios de la marca —tradicionalmente desarrolladas con estructura metálica—, la M/Line apuesta por una construcción totalmente en melamina, ofreciendo una estética más cálida y versátil, sin renunciar a la robustez y a la eficiencia características del mobiliario de Guialmi.

Desarrollado por el departamento de I+D de Guialmi, su diseño combina proporciones equilibradas, distintas configuraciones y una amplia gama de acabados, adaptándose fácilmente a diversos entornos de trabajo.

BELLOW

Desarrollado y producido en Guialmi, el armario BELLOW es la respuesta a las necesidades de las empresas y organizaciones cada vez más sensibles a las cuestiones del control de gastos y presupuestos. La colección BELLOW ofrece un armario similar, en su esencia, a la gama S/LINE, diferenciándose por el espesor de la chapa utilizada en el exterior del armario y por el sistema de cierre, haciendo de esta gama una de las soluciones que más “good value for money” ofrece a sus compradores.

BELLOW, una marca con la garantía GUIALMI.

Desenvolvido e produzido na Guialmi o armário BELLOW é a resposta às necessidades de empresas e organizações cada vez mais sensíveis às questões do controlo de custos e orçamentais. A coleção BELLOW oferece um armário na sua essência similar à gama S/LINE, diferenciando-se pela espessura da chapa empregue no exterior do armário e pelo sistema de fecho, permitindo posicionar esta gama como uma das soluções que mais “good value for money” oferece aos seus compradores.

BELLOW, una marca con la garantía GUIALMI.

Developing and producing at Guialmi the cabinet BELLOW is the answer to the needs of the companies and organizations that are more and more sensitive regarding costs control and budgets issues. The BELLOW collection offers a cabinet that in its essence is similar to the S/LINE range, but the thickness of the external sheet used in the cabinet and the locking system are somewhat different, but which also allow for the placing of this range as one of the solutions on offer that are “good value for money” to the buyers.

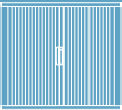

BELLOW, a brand guaranteed by GUIALMI.

Développée et produite par Guialmi l'armoire BELLOW répond aux besoins des entreprises et des organisations de plus en plus sensibles sur le contrôle des coûts et du budget. La collection BELLOW présente une armoire égale dans son essence celle de la gamme S/LINE, qui diffère par l'épaisseur de la tôle extérieure et le système de fermeture. Cette gamme est une des solutions offrant le plus de “good value for money” à ses acheteurs.

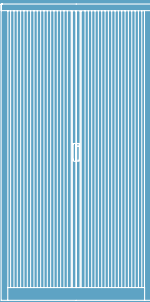

BELLOW est une marque de garantie GUIALMI.

K/LINE

La colección K/LINE surgió de un cuidado proceso de desarrollo de un armario desmontable, que asegurase a los utilizadores un elevado nivel de resistencia, durabilidad y con un funcionamiento similar a la colección S/LINE (la versión monobloc de este producto). El resultado final es un armario que se transporta desmontado (con un reducido coste de transporte), fácil de montar (reducido coste de instalación) y con un nivel de calidad de construcción y funcionamiento idéntico a los productos soldados durante el proceso de fabricación.

K/LINE by GUIALMI.

A coleção K/LINE surgiu de um processo criterioso e muito cuidadoso de desenvolvimento de um armário desmontável, mas que assegurasse aos usuários o elevado nível de resistência, durabilidade e performance de funcionamento similar à coleção S/LINE (a versão monobloco deste produto). O resultado final é um armário que viaja desmontado (com um custo de transporte baixo), de fácil montagem (custo de instalação baixo) e com um nível de qualidade de construção e funcionamento idêntico aos produtos soldados durante o processo de fabrico.

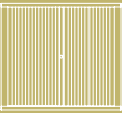

K/LINE by GUIALMI.

The K/LINE collection was created from a criterions and very careful development plan for the production of a dismountable cabinet, but one that would assure the users of its high level of resistance, duration and performance, one that is similar to the S/LINE collection (the mono-block version of this product). The final result was a cabinet that travels disassembled (low transport cost), and that is easily assembled (low assembling cost) and with a high level of manufacturing and functions identical to the products that were welded together during the manufacturing process. **K/LINE by GUIALMI.**

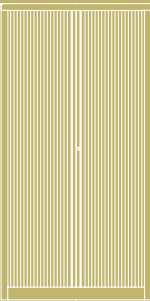

La collection K/LINE est née d'un processus judicieux et très soigné d'une armoire démontable, mais assurant aux usagers un haut niveau de résistance, durabilité et une performance égale à celle de la collection S/LINE (la version monobloc de ce produit). Le résultat final est une armoire qui voyage une fois démontée (bas coût de transport), montage facile (bas coût d'installation) et un haut niveau de qualité de construction et fonctionnement pareil à ceux soudés pendant la fabrication. **K/LINE by GUIALMI.**
