MAX. 1260mm

MIN. 610mm

Adjust / Height Adjustable Bench

Face 2 face benches. Free standing. Height adjustable bench.
Three sections. Linak motors (manufactured in Denmark).

GUIALMI

Screen (Aluminum Profile Structure). Very wide range of fabrics and color options.
H: 850mm
H (from the ground): 1340mm
D: 30mm

Fabric bag to gather cables and relay them. One of the models will relay them from the cable tray directly to the floor level. There is a magnetic piece to attach the fabric bag to the lower part of the desk leg.

A second type of bag is also available and will relay the cable from the cable tray to the middle bar (from where they will meet the ones rising from the other desk).

The cable trays are manufactured in a way they can hold the fabric bags.

DESK CONTROL

The Desk Panel DPG1M is a compact desk panel in the DPG series. It features Bluetooth® connection, two favourite positions and a reminder via an LED to remind the users to use their desk. The DPG1M is activated by tilting the desk panel in the same direction as the desk is intended to drive, which makes it an intuitive desk panel. The DPG1M features a modern discreet and angled design. Via pulsating green and orange lights, the LED reminds the users to change positions. Using the integrated Bluetooth® and downloading the Desk Control™ App the user can also be reminded via notifications on computers and smart devices.

OTHER OPTIONAL CONTROLS

Top access devices for cables.
